ABOUT ME

As a beginner in front-end web development, I am passionate about learning and honing my skills in React.js, Node.js, and currently expanding my knowledge in MongoDB and Express. With a strong foundation in HTML, CSS, and JavaScript, I am eager to apply my skills and continue to grow in the dynamic field of web development. I am enthusiastic about collaborating with teams and contributing to innovative projects that push boundaries in user experience.

EXPERIENCE

- Developed responsive and user-friendly web applications using HTML, CSS, and JavaScript
- Gained hands-on experience with front-end frameworks such as React.js
